Y COMPETITIVIDAD

REAL JARDÍN BOTÁNICO

CSIC
CONSEJO SUPERIOR DE INVESTIGACIONES CIENTÍFICAS

Installation

A.- Extract the files from the .zip to a directory for this purpose

Unzip the downloaded file to any disk drive and it will automatically create a :\\Elysia_Ligero directory.

B.- Run the application

By double-clicking on Elysia_ligero.mdb you will be able to run the application.

C.- Set language and other Elysia Ligero parameters

We can set the configuration parameters in the second tab of the main screen of the application (Settings).

The screenshot shows the 'MENU PRINCIPAL' window of the Elysia Ligero application. The window title is 'MENU PRINCIPAL'. The header area contains the logos for 'GBIF ESPAÑA' and 'Elysia Ligero Gestor de colecciones biológicas'. Below the header, there are four tabs: 'Introduction of sheets and revisions', 'Configuration', 'See manual / help', and 'Configuration Attributes'. The 'Configuration' tab is active, displaying a form with the following fields:

Institution code	Real Jardín Botánico
Name of the colectio or herbarium	MA
Label Header	Herbario MA
Discipline	Botánica
Language	English
Table Name for colecciones	<input checked="" type="radio"/> Botanical <input type="radio"/> Zoological
Icon path	C:\\Elysia_Ligero\\Imagen\\Logo_gibf.png
Mdb to export	

At the bottom of the window, there is a URL: http://www.gbif.es/Elysia_Ligero/Elysia_Ligero.php and the text: Pando F., Lujano M., Cezón K. Elysia Ligero (1.0)

Users who would like to get more information about the use of Elysia Ligero, can contact the Coordination Unit: info@gbif.es or support@gbif.es
